| Important Questions | Answers | Why This Matters: |
|---|---|---|
| What is the overall deductible ? | \$3,000 individual / \$6,000 family. Coinsurance and copayments do not apply to the deductible . | Generally, you must pay all of the costs from providers up to the deductible amount each plan year before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible . Your plan year: 01-01-2026 through 12-31-2026. |
| Are there services covered before you meet your deductible ? | Yes, preventive services, office visits, urgent care and prescription drugs | This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ . |
| Are there other deductibles for specific services? | No. There are no other specific deductibles . | You don't have to meet deductibles for specific services. |
| What is the out-of-pocket limit for this plan ? | \$10,150 individual / \$20,300 family. Prescription drugs : \$1,700 individual / \$3,400 family. Medical and prescription drug out-of-pocket limits are combined. | The out-of-pocket limit is the most you could pay in a plan year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met. |
| What is not included in the out-of-pocket limit ? | Premiums, balance-billing charges, and health care this plan doesn't cover. | Even though you pay these expenses, they don't count toward the out-of-pocket limit . |
| Will you pay less if you use a network provider ? | Yes. See www.bluecrossvt.org/find-doctor or call (800) 255-4550 for a list of network providers. | This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). For certain emergency services and/or services at an in-network hospital or surgical center (as explained below), the maximum amount you may pay is the plan's in network cost-sharing amount. In these circumstances, the providers cannot balance bill you. Check with your provider before you get services. |

*Deductible applies to these services.
